> **ⓘ Note:** Read the corresponding technical documentation for handling and safety reasons.
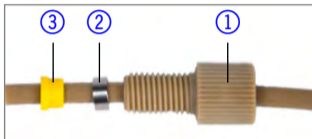

Installation capillaries 1/8"

1. Ensure that the capillary ends are flat and even.
2. Push the capillary through the head of the nut ①.
3. Slide the seal ring ② over the capillary. The tapered end has to point away from the nut.
4. Attach the ferrule ③.
5. Fasten the capillary hand-tight.
